

To: Reston Swim Team Association (RSTA) participants
From: Reston Association (RA) Aquatics Department
RE: RSTA Pool Use Fee/Pass Requirements

Reston Association (RA) grants Reston Swim Team Association (RSTA) use of their aquatic facilities without an hourly rental charge. To comply with the pool use agreement **every swimmer** must have a pool pass or pay a user fee, regardless of whether the swimmer uses the pools outside RSTA practices and meets.

RA Members are required to purchase (or renew) a pass for each swimmer by June 1. Non-members have the option to purchase (or renew) a pass OR pay a fee as shown below.

- First swimmer \$80 fee applied during league registration
- Second (or more) swimmers \$160 fee applied during league registration

RA Membership is defined as the owning or renting of a property for which an annual assessment is paid to RA. There are many communities in our area that bear a 'Reston' address while not belonging to Reston Association. Some of these are Stratton Woods, Deepwood, Reston Town Center, Sugarland Run, and areas near Great Falls, VA. Non-members who purchase a Pool & Tennis pass for the swimmer (or family) are not subject to the \$80 fee. For those persons who have already registered with RSTA prior to buying Non-member passes, a discount can be applied with proper documentation.

The revenue generated by the pass purchase or fee charged offsets the facility use by RSTA which is given in partnership with RA and does not incur an hourly charge similar to other rental groups utilizing the Association's pools.

At the conclusion of swim team registration a participant list will be provided to RA in order to confirm the pass/fee status of all individuals. You may be contacted for further confirmation of your RA property address or pass purchase if the information provided to RSTA at registration does not match the RA records.

We thank you in advance for cooperation with this agreement.
Please direct any questions to one of the persons below.
